

Sheep Mineral

Available in 50lb

Purpose

Fortified with Certified Organic Kelp, our Certified Organic Sheep Mineral helps boost animal performance in both meat and wool production and boost overall animal health. Kelp is a nutrient dense product that supports hormone balance and overall animal performance.

Feeding Instructions

Healthy Minerals for Sheep is to be fed as a free-choice mineral and vitamin supplement. Average intake should be 1 to 4 ounces per head per day, depending upon the mineral requirements of the animal.
